

Ms Sue Lovecy, Head of School

November 2018

Dear parent or guardian,

Year 11 Parents Evening – Thursday 6 December

On **Thursday 6th December** you are invited to your son or daughter's parent's evening at St Martins School.

This is an important day which will provide the opportunity for you to check the progress of your child's GCSE lessons, discuss revision timetables ahead of the mocks after Christmas and put in place a detailed plan for the year for your son/daughter. It will also be an invaluable chance to talk about any concerns or worries you may have at this crucial time in your son or daughter's schooling life.

The students will be having a session with a guest speaker from Enlighten Education in the afternoon to help them with their study skills, learning and remembering, and planning and preparation. This speaker will then host a short session with parents at 4.00pm to 5.00pm about how you can support your child with some useful tips and techniques.

Students have an appointment sheet in their school planner and it is their responsibility to make appointments with their teachers. Please check regularly over the next few days that they are making their appointments.

I look forward to seeing you on December 6th.

Thank you for your continued support.

Yours faithfully,

Mr Machin
Head of Year 11
