## Responsibilities

The member of SLT team responsible for e-safety is: Steve Wilkinson

The e-safety co-ordinator is: John Holmes

The e-Safety co-ordinator is responsible for working with the Student and Community Committee, delivering staff development and training, recording incidents, reporting any developments and incidents and liaising with the local authority and external agencies to promote e-safety within the college community. He/she may also be required to deliver workshops for parents.

### **E-Safety Committee is part of the Culture and Community Committee**

It will meet once per term and will invite a representative of the following groups: SLT, governors, teaching staff, admin staff, parents, pupils.

### **Internet use and Acceptable Use Policies (AUP's)**

All members of the school community should agree to an Acceptable Use Policy that is appropriate to their age and role. Examples of the AUPS used can be found in appendix 1.

A copy of the pupil AUP will be available to parents via the website. This can be found in appendix 2

AUP's will be reviewed annually. All AUP's will be stored centrally in case of breaches of the e-safety policy.

The AUP will form part of the first lesson of ICT for each year group.

## **Photographs and Video**

The use of photographs and videos is popular in teaching and learning and should be encouraged. However, it is important that consent from parents is gained if videos or photos of pupils are going to be used.

If photos/videos are to be used online then names of pupils should not be linked to pupils.

Staff must be fully aware of the consent form responses from parents when considering use of images.

The Consent form used is in appendix 4.

Staff should always use a school camera to capture images and should not use their personal devices.

Photos taken by the school are subject to the Data Protection act.

### **Photos and videos taken by parents/carers.**

Parents and carers are permitted to take photos/videos of their own children in school events. They are requested not to share photos/videos from school events on social networking sites if other pupils appear in the background.

The parental letter concerning AUP's includes a paragraph concerning posting photos on social networking sites (see appendix 2)

Photos for personal use such as those taken by parents/carers are not subject to the Data Protection Act.

## **Mobile phones and other devices**

Pupils' mobile phones should be switched to silent whilst on the school premises. Pupil phones found to contravene this should be confiscated and sent straight to the school office. Confiscated phones can be collected by students, parents/carers after 3.30pm.

If a member of staff suspects that a mobile phone has been misused within the school then it should be confiscated but staff should not 'search' the phone. The incident should be passed directly to SLT who will deal the matter in line with normal school procedures.

## **Use of e-mails**

Pupils should only use e-mail addresses that have been issued by the school and the e-mail system should only be used for school related matters. Pupils are advised to

maintain an alternative personal e-mail address for use at home in non-school related matters.

## **Security and passwords**

Passwords should be changed regularly. The system will inform users when the password is to be changed. Passwords must not be shared. Staff must always 'lock' the PC if they are going to leave it unattended (the picture mute or picture freeze option on a projector will allow an image to remain on the screen and also allow a PC to be 'locked').

All users should be aware that the ICT system is filtered and monitored.

## **Data storage**

Only encrypted USB pens are to be used in school.

## **Reporting**

All breaches of the e-safety policy need to be recorded in the ICT reporting book that is kept in the general office. The details of the user, date and incident should be reported.

Incidents which may lead to child protection issues need to be passed on to the Designated teacher immediately – it is their responsibility to decide on appropriate action not the class teachers.

Incidents which are not child protection issues but may require SLT intervention (eg cyberbullying) should be reported to SLT in the same day.

Allegations involving staff should be reported to the Headteacher. If the allegation is one of abuse then it should be handled according to the DFE document titled 'Dealing with allegations of abuse against teachers and other staff'. If necessary the local authority's LADO should be informed.

Evidence of incidents must be preserved and retained.

The curriculum will cover how pupils should report incidents (eg Ceop button, trusted adult, Childline)

## **Infringements and sanctions**

Whenever a student infringes the e-Safety Policy, the final decision on the level of sanction will be at the discretion of the school management.

The following are provided as exemplification only:

Level 1 infringements

- Use of non-educational sites during lessons

- Unauthorised use of email
- Unauthorised use of mobile phone (or other new technologies) in lessons e.g. to send texts to friends
- Use of unauthorised instant messaging / social networking sites

*[Possible Sanctions: referred to class teacher / e-Safety Coordinator/ confiscation of phone]*

#### Level 2 infringements

- Continued use of non-educational sites during lessons after being warned
- Continued unauthorised use of email after being warned
- Continued unauthorised use of mobile phone (or other new technologies) after being warned
- Continued use of unauthorised instant messaging / social networking sites
- Use of Filesharing software
- Accidentally corrupting or destroying others' data without notifying a member of staff of it
- Accidentally accessing offensive material and not notifying a member of staff of it

*[Possible Sanctions: referred to Class teacher/ e-safety Coordinator / removal of Internet access rights for a period / confiscation of phone / contact with parent]*

#### Other safeguarding actions

If inappropriate web material is accessed:

- Bringing the school name into disrepute

*[Possible Sanctions – Referred to Head Teacher / Contact with parents / possible exclusion / refer to Community Police Officer / LA e-safety officer]*

Other safeguarding actions:

1. Secure and preserve any evidence
2. Inform the sender's e-mail service provider if a system other than the school system is used.

Pupils are also informed that sanctions can be applied to e-safety incidents that take place out of school if they are related to school.

Schools are likely to involve external support agencies as part of these investigations e.g. an ICT technical support service to investigate equipment and data evidence, the Local Authority Human Resources team.

## **Rewards**

Whilst recognising the need for sanctions it is important to balance these with rewards for positive reinforcement. The rewards can take a variety of forms – eg. class commendation for good research skills, certificates for being good cyber citizens etc. Each year group co-ordinator will indicate these opportunities within the provided planning.

## **Social networking**

Pupils are not permitted to use social networking sites within school. See the separate School staff e-safety policy for guidance on staff use of social media.

## **Education**

**Parent / guardian name:**.....

**Pupil name:** .....

**Pupil's registration class:** .....

As the parent or legal guardian of the above pupil(s), I grant permission for my child to have access to use the Internet, the Virtual Learning Environment, school Email and other ICT facilities at school. I know that my daughter or son has signed a form to confirm that they will keep to the school's rules for responsible ICT use, outlined in the Acceptable Use Policy (AUP). I also understand that my son/daughter may be informed, if the rules have to be changed during the year.

I accept that ultimately the school cannot be held responsible for the nature and content of materials accessed through the Internet and mobile technologies, but I understand that the school will take every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials. These steps include using a filtered internet service, secure access to email, employing appropriate teaching practice and teaching e-safety skills to pupils.

I understand that the school can check my child's computer files, and the Internet sites they visit. I also know that the school may contact me if there are concerns about my son/daughter's e-safety or e-behaviour. I will support the school by promoting safe use of the Internet and digital technology at home and will inform the school if I have any concerns over my child's e-safety.

I am aware that the school permits parents/carers to take photographs and videos of their own children in school events and that the school requests that photos/videos are not shared on any social networking site such as Facebook if the photos/videos contain images of other children. I will support the school's approach to e-Safety and will not upload or add any pictures, video or text that could upset, offend or threaten the safety of any member of the school community
