

Ms Sue Lovecy, Head of School

March 2019

Dear Parent/Guardian,

Re: Science sessions at Moreton Hall

As a reward for pupil's continual positive work ethic and attitude to learning the Science Department have organised to take pupils to Moreton Hall School. Those pupils who qualify will experience both theory lessons and practical activities, as well as having a complimentary lunch. These lessons will enhance the pupil's learning and provide a different learning environment in their 'state of the art' laboratories. All lessons will be planned in partnership, and will follow the AQA specification.

Transport will be provided jointly by St Martins School and Moreton Hall School. We will leave St Martins School at 1.30pm, once at Moreton Hall School we will have our lunch in the School's dining room; lunch will be provided by Moreton Hall School. The lesson will be approximately 1 hour in length and will end around 3pm; this will provide sufficient time for us to return to school and meet school transport at 3.25pm.

The sessions are due to start on **Wednesday 20th March** and occur fortnightly. Pupils will be made aware if they have qualified for the session during the lesson on the Tuesday; their attendance will be subject to change and will be based on their positive contribution in lessons leading up to the session.

Please make your child aware that the school's Code of Conduct will be enforced during the lessons and only the highest standards of behaviour will be accepted. If you have any questions, concerns or require further information please feel free to contact me.

Yours faithfully

Mrs H Smith
Head of Science/Head of Year 10

Ms Sue Lovecy, Head of School
