

# NATASHA'S LAW

---

**You may have heard in the press and on social media that there is a new law coming into effect from 1st October 2021.**

This means we have to put all ingredients and allergens on everything we sell that is packaged.

Don't worry - we always knew what was in our food and if you have a special diet, you will know we have a robust allergen policy in place.

However, to make sure our teams can adapt to this new law, we are rolling out the changes we need to do over a period of time.

This means, we won't be able to offer our full range of sandwiches and salads and the way we display some of our food on the counters may look a little different. Please bear with us. This won't be for long!
